1. In which ways have you supported the disability community in the past, and how do you plan to continue your support in the future?  
   Answer: I supported my children when they volunteered on the special Olympics.

2. Do you support the right of a person with a disability to live independently in the community? If so, what would your approach be to ensure people can transition from nursing homes to living on their own?  
   Answer: Provide accessible food, housing, transportation, and healthcare to people with disabilities. (See logo)

3. How will you support students with disabilities to receive an equitable, quality education if you are elected?
Answer: Accessible online education and public schools/universities with a percentage of accessible educational classrooms giving enrollment priority to people with disabilities.

4. How would you propose to build the capacity of the In Home Supportive Services program to sustain opportunities for seniors and people with disabilities to live independently in their communities?
   Answer: Promote 2-year college degree and certification for providers. Increase wages for providers to a least the living wage.

5. What would you do to increase opportunities for people with disabilities to have access to affordable and accessible housing?
   Answer: Reduce property taxes on accessible housing.

6. What will you do to ensure that people with disabilities are part of the planning and oversight systems for upgrading public transportation systems in California?
   Answer: AS MPO for continuous improvement of accessible public transportation using of total quality and 3-sigma methodologies.

7. What would you do to increase job training and employment opportunities for people with disabilities?
   Answer: Accessible on-line training.

8. What would you do to protect the rights of people with disabilities to have access to elections and cast an independent and private vote?
   Answer: Accessible absentee ballots.
9. What will you do to ensure that upcoming changes in healthcare delivery for people with disabilities will maintain the integrity and consistency of care on which they have relied?
Accessible hotline and website to provide comments for continuous improvement of facilities and services. Require logo for accessible providers.

10. In your view, do you think CA is spending too much, too little or just the right amount of its resources to support people with disabilities? Please explain.
Answer: CA is investing too little in accessibility for people with disabilities.
